Digital FineArt Papers with Deckle Edges

Hahnemühle FineArt now offers the classic fine art papers Photo Rag® 308 gsm, William Turner 310 gsm and Museum Etching 350 gsm as a version with deckle edges on all four sides. These hand crafted sheets are available in DIN A3+ and DIN A2 sizes.

Now these papers for the professional digital fine art printing also have the look and feel of a traditional artist paper with original deckle edges.
